JAMES M. CALDWELL WITH-DRAWS FROM RACE FOR REPRESENTATIVE

To The Voters of Bourbon County: Ladies and Gentlemen:—After a calm and deliberate consideration of all the things involved in connection with a political race, and at the suggestion of a number of my personal friends, I have decided to withdraw my candidacy in the race for nomination for the office of Representative from Bourbon county in the Lower House of the Kentucky Legislature, in favor of my opponent, Hon. James H. Thompson.

I hereby thank all my supporters and those who have pledged to me, and ask that they all give Mr. Thompson a hearty support in the great common cause of Democracy. He has been clean in his campaign, and I hope he will not have opposition at the regular election in November. I have tried to conduct my campaign on a high plane, and think I have done so, and have no feeling whatever against those who opposed my candidacy.

Very Respectfully,
JIM M. CALDWELL.

ALLEGED BOOTLEGGER ARRESTED

J. W. McClure, giving Paris as his place of residence, was arrested in Winchester at the Union railway station by Patrolmen Tarpey and Oliver, and placed in jail. McClure when arrested had in his possession a suitcase containing a gallon of moonshine whiskey. A revolver was found in his pocket.

He was charged with having whiskey in his possession and carrying concealed a deadly weapon. He will be given a hearing in the County Court Monday.

McClure was arranged in Court at Winchester, Wednesday, and fined \$50 and costs for having whiskey in his possession, and was also given a fine of \$50 and costs and ten days in jail for carrying concealed a deadly weapon.

SHUFF TALKS ON COMMUNITY SERVICE PROGRAM

A large audience greeted John L. Shuff, of Cincinnati, a native of Bourbon county, at the court house in this city Tuesday night, when he arose to deliver what proved to be a delightful and inspiring address on the benefits to be derived from playgrounds for the children of Paris and for the Community Service program of the city.

Mr. Shuff was introduced to his audience by Judge Denis Dundon. Previous to the address a number of community songs were rendered by a selected number of vocalists under the direction of A. L. Boatright, while vocal numbers were rendered by Mrs. Macie White Pithian and Hiram Redmon. It had been announced that the meeting would be preceded by a band concert in front of the court house, but this was abandoned after it had been learned that the band was not prepared for the occasion.

Mr. Shuff delivered a characteristic Shuff talk, full of pep and vim, and bristling with good things. In his address he emphasized the importance of community service in men's lives. He dwelt on the fact that the greatest asset is not the amount of wealth in a community, but the contribution that is made for the good of humanity. Speaking from his own experience he said that he had found more joy in helping "the other fellow" than in accumulating earthly goods for himself. He urged encouragement of the playground movement, declaring that the future citizenship of Paris would be determined by the environment that is created for the children to-day. Throughout his talk Mr. Shuff strongly emphasized the development of community spirit through co-operation and service to the community. He was warmly applauded and at the conclusion of the address was greeted by many who had known him in his earlier days, before he had gained fame and fortune.

BOURBON GUN CLUB TO HOLD SPECIAL SHOOT

As a departure from their semi-monthly program, and in order to keep the club members' eyes sharp and their trigger finger in good shape, the Bourbon Gun Club will have a special shooting tournament on the club grounds in East Paris this afternoon.

The program comprises a match race between the Cane Ridge team, captained by James M. Caldwell, and the Sure Hits under command of Amos Turney. The contest will be a 500 target race.

All club members and visiting shooters are expected to attend this shoot, which promises real sport. The team race will start promptly at 1:30 p. m., and as soon as it is finished all others shooters will take part and shoot the rest of the afternoon.

DEATHS.

STOCKDALE.

—Mrs. J. M. Stockdale, aged sixty-seven, died at her home in Nicholas county, after a short illness. She is survived by her husband, two sons, four brothers and two sisters, one of whom, Mrs. Hitt, resides in Paris. The funeral and interment took place in the Mt. Tabor Cemetery, in Nicholas county, with services conducted by Rev. E. K. Kidwell.

FORMAN

—John Forman, aged eighty-two, one of Mt. Sterling's foremost citizens, died of blood poison at his home in that city Monday. Besides his widow he is survived by five daughters, one of whom, Mrs. Bettie Lyall, resides at North Middletown, and two sons. The funeral was held at the grave in Machpelah Cemetery, with services conducted by Rev. Clyde Darsie, pastor of the Christian church.

HENRY

—William F. Henry, aged sixty-three, died at his home in Mt. Sterling, after a long illness of Bright's disease. Mr. Henry had a large circle of friends and relatives in Bourbon county. Besides his widow, he is survived by three daughters and three sons.

The funeral was held at the family home in Mt. Sterling, the body being taken to North Middletown, where services were conducted at the grave in the North Middletown Cemetery by Rev. F. M. Tindler, pastor of the North Middletown Christian church.

FOX.

—The funeral of Miss Sallie Fox, aged eighty-six, who died at the County Infirmary, near Ruddle's Mills, Monday, of the infirmities of age, was held Tuesday afternoon at two o'clock, with services conducted at the grave in the Paris Cemetery by Rev. Arthur Fox, pastor of the Paris Baptist church.

Miss Fox had been an inmate of the institution for a long time. She was a sister of the late Wm. F. Fox, for many years employed by the Louisville & Nashville as a night watchman. So far as could be ascertained she had no living relatives, and save her associates in the infirmary, she had no acquaintances in this vicinity.

PARKER.

—Mrs. Cordelia Parker, aged seventy-three, died yesterday afternoon at 4:30 o'clock at the home of her sister, Mrs. W. T. Talbot, after an illness extending over a period of several weeks from a complication of diseases.

Mrs. Parker was a daughter of the late Mrs. Wm. Ford, of Paris, and was well-known to nearly everyone in the city. She was for several years connected with the L. Frank dry goods store, and had been treasurer for several years of St. Peter's Episcopal Church, in this city, of which she had been a faithful and devoted member for almost her lifetime. She was the widow of Wm. V. Parker, for many years in the thing business with W. T. Talbot, and was a woman of the highest Christian character. For the past forty-five years she had made her home with her sister, Mrs. W. T. Talbot, who survives her.

The funeral will be held at St. Peter's Episcopal church this (Friday) morning at 10:30 o'clock, with services conducted by the rector, Rev. W. S. Cain. The interment will follow on the family lot in the Paris Cemetery.

DAILEY

—Following an illness of two weeks, due to a complication of diseases, Eleazar Dailey, aged eighty, died at the home of his son-in-law, Thomas W. Spicer, on Houston avenue, Tuesday afternoon at 6:45 o'clock. Mr. Dailey had been in failing health for some time, was taken suddenly ill about two weeks ago, and steadily grew worse until the end came.

Mr. Dailey was a native of England. He was for many years engaged in business in Covington, but retired from active business pursuits about twenty years ago, since which he has divided his time between the homes of his children. He was a man of high intellectual attainments, well-read and thoroughly familiar with the issues of the times. He was especially interested in welfare work, and was familiarly known to the children of Paris as "Grandpa Dailey." He was greatly attached to children, and each summer found him planning some kind of outdoor amusement for them. A few days before he was taken ill Mr. Dailey was preparing an entertainment for the children of his vicinity and had made the rounds delivering to each one an invitation to be his guest at a children's party to be held on a vacant lot on Houston avenue. It was while thus engaged that his strength became overtaxed and led up to his last illness.

He is survived by two children, Mrs. Thomas W. Spicer, of Paris, and Alfred B. Dailey, a building inspector of Covington.

The funeral was held at 9:30 o'clock yesterday morning at the residence of Mr. and Mrs. Spicer, on Houston avenue, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church, assisted by Rev. Arthur Fox, pastor of the Paris Baptist church. The body was taken to Lexington, where the interment took place in the Lexington Cemetery.

SEVERAL CITY OFFICES TO BE APPROPRIATE

The whirligig of time—and politics—brings about many remarkable and startling changes. This saying is peculiarly applicable just now in the light of events and the shadow of others to come.

Several weeks ago, an ordinance was passed in the City Council taking from the voters of the city of Paris the right to say who they preferred for the Chief of Police, and vesting the power of naming that official in the persons of the City Council. That it is the intention to go a step further and make the office of Police Judge and perhaps that of Mayor, appointive ones, is the message borne on the wings of rumor, with a suggestion of plausibility in the way. It was rumored yesterday that the City Attorney had been instructed to prepare an ordinance incorporating this feature, and to have it presented for consideration at the next meeting of the City Council. The possibility of such action has deterred the announcement, or at least deferred the hopes of one aspirant for the office of Police Judge, who after hearing the rumors, reconsidered and decided to remain outside.

AUTO COLLISION

In a collision Tuesday afternoon at the corner of Broadway and Main between an auto driven by J. M. Harney and a motor truck driven by J. R. DeJarnette, both cars were slightly damaged. Mr. DeJarnette was driving down Broadway and started to turn into Main street just as Harney passed the corner. The DeJarnette truck was turned half-way around and the fenders bent, and the axle of the Harney machine was bent. The drivers both escaped injury.

Joseph Frakes, the well-known stockman was slightly injured Wednesday night in an auto accident which occurred on the Georgetown road, near Paris. Mr. Frakes was driving a bunch of cattle belonging to Calvin Jones, when an auto approaching unexpectedly, struck him, knocking him down, and inflicting slight bruises. The driver of the auto continued on his way unheeding the prostrate man, and made no offer of assistance. Mr. Frakes, who was only slightly injured, was able to come to Paris. The identity of the driver was not discovered, and the machine was going so fast that the license number could not be read on the tag.

FORMER PARISIAN IMPROVING

August C. Goodright (formerly Gutzelt) a former resident of Paris, who accidentally shot himself at his home in Los Angeles, Calif., some weeks ago, has so much improved that he will be moved from the Los Angeles Hospital, to his home in that city this week. Mrs. William A. McDowell, who has been with her sister, Mrs. Goodright, during Mr. Goodright's illness, left yesterday for her home in Lexington.

Some time ago THE NEWS took the Lexington Leader to task for alleged misspelling of the name of this popular former Parisian, but it seems The Leader is right. During the world war Mr. Goodright, who is as loyal an American as ever lived, petitioned the Legislature to have his name changed from Gutzelt to Goodright, which is now the proper spelling. We tender our profoundest apologies to The Leader, and give this information for the benefit of Paris people, who had been wondering if "Gus Goodright" could possibly be our own popular "Gus Gutzelt."

NEW FIXTURE ADDED

SHIVELY & SON'S MEAT MARKET ON MAIN STREET, HAVE JUST INSTALLED A NEW THESCO FREEZER DISPLAY COUNTER WHICH ENABLES THE PURCHASER TO SEE ALL OF THE DIFFERENT KINDS OF CUTS OF MEAT AND AT THE SAME TIME DOES NOT COME IN CONTACT WITH DUST OR FLIES. IT WILL PAY YOU TO STOP IN THIS CLEAN, SANITARY MEAT MARKET AS THEIR PRICES ARE AS LOW AS THE LOWEST AND ON SOME MEATS THEY ARE LOWER THAN ALL OF THE REST.

HURT BY BURSTING TIRE

Elliott Johnson, employed by the Cumberland Telephone Company, in Paris, received a severe scalp wound when a tire which he was inflating at the White Front Garage blew out, a fragment striking him in the head. After his wound had been dressed, Mr. Johnson resumed work.

EDITORIAL FLINGS OF THIS THAT 'EN TOTTER

What keeps a homely girl in a good humor with a smile always on her face is she knows if she lives long enough she will be a pretty old one.

It is said that Paris women of the "servant class" no longer wish to do what is termed general housework. As women of all other classes always hated it the unpopularity of general housework now extends to the whole of the sex whose "sphere" it was called in the old days.

News item: "The Ford plant has built 5,000,000 flivvers." And the average motorist who tries to drive a big car through crowded traffic will swear that most of those 5,000,000 Fords are using the same street he is. And the average pedestrian who tries to cross the street is of the same opinion.

One-third of the people in the country think they can beat a lawyer in expounding the law. One-half think they can beat the physician in healing the sick. Two-thirds of them think they can beat a preacher in elucidating the Gospel, and every mother's son of the whole bunch is sure he can give an editor a run and spades and beat him out in managing and editing a newspaper.

Music may have charms to soothe the savage, but when the civilized person is taken into consideration it depends upon the kind of music. If after retiring, his slumbers are disturbed by the bawling of a bunch of big-mouth Amazons like those who inhabit certain quarters of Paris, he feels more like arising and hunting for a sawed-off shotgun in order that he may start something. These night howlers, we may call them, should use a muffler, or remain indoors.

Frederick W. Galbraith, decorated by three governments during the war, head of the American Legion, prominent in business in Cincinnati, met death in a curve in the road over which a friend's automobile was driving. It is unconventional to suggest to a driver to lessen break-neck speed. It is courageous and conventional, to take the risk, and if need be, die. Of course, the late Mr. Galbraith was not lacking in courage or politeness—but he's dead!

HUMPHREYS TO EDIT VIRGINIA DAILY

Joe A. Humphreys, formerly a Lexington newspaper man and later telegraph editor of the Louisville Herald, has been named as managing editor of the Norfolk Post, at Norfolk, Va., a new afternoon daily paper to be launched there the latter part of this month by the Scripps-McRae League, which owns the Cincinnati Post and a score of other daily papers in the United States. Mr. Humphreys for the past year has been city editor for the Norfolk Ledger-Dispatch.

According to estimates made from the last census figures there are 26,863,566 women of voting age in the United States.

An Ordinance

PROVIDING FOR THE ORIGINAL CONSTRUCTION OF THE FOLLOWING STREETS IN THE CITY OF PARIS, TO-WIT: TENTH STREET FROM EAST MARGIN OF MAIN TO WEST MARGIN OF PLEASANT STREET, AND MAIN STREET FROM BANK ROW TO THE BRIDGE OVER STONER CREEK WITH VITRIFIED BRICK, ASPHALT, BITULITHIC WOOD BLOCKS, ROCK ASPHALT AND CONCRETE PAVING OR OTHER TYPE OF PAVED STREETS, AND BY THE CONSTRUCTION OF CURBS AND GUTTERS ON BOTH SIDES THEREOF EXCEPT WHERE THE SAME IS ALREADY CONSTRUCTED IN CONFORMITY WITH ITS SPECIFICATIONS FOR THE PROPOSED WORK, AND PROVIDING FOR THE PAYMENT OF THE COST THEREOF.

BE IT ORDAINED BY THE Board of Council of the City of Paris in regular meeting assembled in the City Hall in Paris, Ky., on Thursday night, May 26th, 1921, that pursuant to the resolution heretofore adopted by the Board of Council on May 22, 1919, at Tenth Street, and the resolution of February 26th, 1920, as to Main Street, and both of which resolutions were published as required by law, the following described streets and parts of streets in the City of Paris be improved by the original construction of the road ways thereof with vitrified brick, asphalt, bitulithic, wood blocks, rock asphalt, concrete paving or other type of paved streets, and by the construction of curbs and gutters on both sides thereof except where the same is already constructed in conformity with the plans and specifications for the proposed work, to-wit: Tenth Street from East margin of Main Street to Westmargin of Pleasant Street and Main Street from Bank Row to the bridge over Stoner Creek.

2. That said improvements shall be made according to plans and specifications heretofore adopted by the Board of Council of the City of Paris.

3. That the cost of improving said road ways shall be paid as follows, to-wit: one-third of the total cost thereof including the cost of the improvement of the intersection with other public ways including one-half of the width of the street being improved opposite other streets or alleys which run into but do not cross the street or alley so being improved, and all of that portion of any street abutting upon property belonging to the City, and all the cost of all improvements where the abutting owner is a public school, cemetery, county, State or United States, shall be paid by the City of Paris out of the general fund; and the remaining two-thirds of said cost and the cost of all curbing and guttering shall be made as the exclusive cost of the owners of real estate abutting on such improvements, to be apportioned among and assessed upon the lots or parcels of real estate abutting feet, and a tax shall be levied upon such lots or parcels of real estate for the payment of the costs assessed thereon, which tax shall be due and payable at the City Treasurer's office upon the completion of the work and acceptance thereof by the Board of Council provided, however, that the portion assessed against the abutting property may be paid on the ten year payment plan as provided by law.

4. Any such tax which is not paid within thirty days after the same becomes due and payable, unless the property owners shall have exercised their option to pay for same on the ten year payment plan, as above provided shall have added thereto a penalty of ten per centum of the amount of the tax, and there shall be a lien upon such lot or parcel of real estate for the part of the cost of said improvement so assessed thereon, and the same shall bear interest at the rate of six per centum per annum from the time of the assessment until paid.

5. This ordinance shall have two readings before the Board of Council, and ten days shall intervene between the first and second readings. Upon the final adoption of this ordinance the improvement committee is directed to advertise for bids for two consecutive weeks in the Bourbon News and Kentuckian-Citizen, newspapers published in Bourbon County, Kentucky, being the official publications of the City of Paris for the construction of said streets, out of each of the materials as herein provided.

Bids for said work shall be received in open council on the 14th day of July 1921, at 8:00 o'clock p. m. and said work shall be let to the lowest and best bidder.

6. All bids shall be in writing and under seal upon blanks furnished by the City Engineer, and addressed to J. W. Hayden, Clerk of the City of Paris. Each bidder must accompany his bid with a certified check payable to C. K. Thomas, City Treasurer, for an amount equal to 10 per cent of the amount of his bid, or by bidder's bond in the sum of Two Thousand Dollars, conditioned that such bidder, if awarded the contract, will enter into a written contract and execute a good and sufficient bond conditioned for the faithful performance of said contract, within fifteen days after the award is made. If

the successful bidder shall fail to enter into said contract and execute such bond within said fifteen days, the City of Paris will retain the amount of said certified check as liquidated damages for such failure, if any. The checks of the unsuccessful bidders will be returned immediately after the letting.

7. This ordinance shall become effective and be in full force from and after its passage and publication as required by law.

Mayor.

CALEB POWERS WINS IN DIVORCE CONTENTION

The suit for limited divorce brought by Mrs. Anna M. D. Powers against Caleb Powers, former Representative in Congress from Kentucky, was dismissed by Justice Stafford in the District of Columbia Supreme Court. Contentions of Powers that his wife was not a resident of Washington and therefore could not sue for divorce in its courts were sustained. Mrs. Powers in her suit charged cruelty and inadequate support. Her counsel noted an appeal.

"Potter's Field."

The term, which is applied to a place where the penniless and unknown are buried, had its origin in Matthew 27:7, when the chief priests "took counsel and bought with them (the thirty pieces of silver for which Judas betrayed the Master) the potter's field to bury strangers in." The name has clung to such plots ever since.

PLANNING MEMORIAL FOR LUKE McLUKE.

A permanent memorial to James S. Hastings (Luke McLuke), in the form of a residence to be presented to Mrs. Hastings and the family, is the present object of many friends and admirers of the author of "Bits of By-Play."

The Luke McLuke Association was formed for this purpose with the following men selected as officers: Augustus Herrmann, chairman; Wm. A. Geoghan, vice-chairman; William F. Wiley, treasurer; A. Bart Horton, secretary.

A large number of prominent men were appointed on a general committee, including John Kloeker and Thos. B. Cromwell, of Lexington, Kentucky.

SLATTERY REFUSES TO RESIGN.

Thomas D. Slattery, Democrat, United States Attorney for the Eastern District of Kentucky, is resisting efforts on the part of the Department of Justice to remove him from office prior to the expiration of his term. In a reply to a letter from the department suggesting that he resign, Mr. Slattery says he cannot comply with the request. There the matter rests for the present. He can be removed by executive order of the President, but the matter has not been brought to the President's attention.

Sawyer H. Smith, of Shelbyville, Ky., Republican, has been endorsed by the Kentucky Republican leaders for the place, and probably will be named when there is a vacancy.

EDITOR MADE DROUTH CHIEF

Formal announcement of the appointment of Roy Haynes, a Hillsboro, Ohio, editor, as national prohibition commissioner, was made at the White House.

Mr. Haynes, who succeeds John F. Kramer, is expected to take office immediately. The appointment does not require Senate confirmation.

The new commissioner is editor of the Hillsboro Dispatch and was one of the first Ohio editors to suggest the nomination of Mr. Harding for President. He has been a factor in Ohio Republican politics for a number of years, and in 1912 was a candidate for the Republican nomination for Congress. He has been identified with prohibition and temperance work. Five years ago he was a member of the General Conference of the Methodist Episcopal Church.

Dog Loyalty.

That loyalty, burning bright and true to the last spark of life, that unfailing welcome on which a man can count more surely than on any human love—indeed, there is no secret in a man's love for a dog, however we may wonder at the dog's love for the man. —R. P. Utter in the Century Magazine.

Salesman Wanted.

We want a local representative who is acquainted in Paris and surrounding territory. A man experienced in selling stock preferred, but not essential. We will co-operate with the salesman selected and render every assistance.

We have a live money-making proposition. The company is on a dividend-paying basis—the common stock shows large earnings. We manufacture Red Cap Storage Batteries. They are nationally known and used. About 2,000 dealers throughout the United States are now selling Red Cap Batteries.

We desire to distribute this issue as broadly as possible for co-operative and advertising purposes.

A good salesman, who will work, can make big money. For particulars, address,

J. C. McMICHAEL,
Mgr. Financial Dept., The Wolfe Lead Batteries Co., 204 Republic Bldg., Louisville, Ky.

Have you tried the new 10c package?

Dealers now carry both; 10 for 10c, 20 for 20c. It's toasted.

NO MORE NEED FOR INSURANCE

The editor suggests to his subscribers that, in order that they may keep track of the expiration of their subscriptions they have them dated on their birthdays, and make it a point to always come in and pay a year's subscription on their birthday. He adds:

"The beauty of this scheme is that you are bound to live for another year. No man ever died who had his subscription paid up. Nine times out of ten when a man dies he owes the editor for subscription. This will beat any old-line insurance company."

This is a great suggestion. Why not carry it further? Why not have the business enterprises of Paris insure against failure by paying advertising contracts in advance? And let's institute municipal accident insurance by having city ordinances passed to have the city station reporters for the local papers at every corner. Nothing ever happens when a newspaper man is around.

Accident Statistics.

An American physician who has collected a mass of statistics regarding serious accidents on railways, in mines and factories, has put it on record that the dangerous period of the month is from the twentieth to the twenty-sixth. He declares that nearly half the bad accidents of the whole month occur during those seven days.

Escape the "Stout" Class
An attractive figure is not a matter of size but of correct proportions. The stout women who are never spoken of as "stout" are those who give a little time and thought to proper corseting.

Rengo Belt Reducing Corsets give the wearer an appearance of slenderness. The exclusive Rengo Belt feature gives strength and support where the greatest strain falls—over the abdomen and hips. They have the reputation of being "the most economical reducing corsets ever devised."

SCHOOL NOTES

The Shelby County Board of Education has elected Prof. Mark Goodman as Superintendent of the Shelbyville public schools to succeed Prof. J. T. Hazelrigg, who has been incapacitated by illness since February. Prof. Hazelrigg married Miss Daugherty, of Paris.

BOURBON CROP CONDITIONS

Another week of warm weather, with occasional showers, has helped to put the farmers work forward. Rain is still badly needed.

The barley harvest is about completed and the threshermen will soon begin threshing out the grain, weather and other conditions permitting.

The bluegrass seed stripping season is about over. The crop is a very short one, as many pastures that had excellent crops last year, were not worth stripping this year. Consequently the price is higher than for several years as buyers have been paying from \$1.00 to \$1.25 per bushel for the seed.

The wheat crop bids fair to ripen in good condition, although many farmers fear the grain will not head up to normal owing to the late freezes.

The early crop of potatoes will be very short, as the vines have begun to die and very few potatoes have attained any size yet.

Most garden stuff is suffering for moisture, the showers that have fallen lately not penetrating very far.

A few extra good lambs are being shipped out to market and some hogs, but few cattle are yet ready.

HAS NARROW ESCAPE

Jos Banta, painter, boarder at the Earlywine boarding house, on Main street, had an experience Wednesday night that he will likely not care to have repeated. While standing in the back yard at the house a bullet passed through the crown of his hat, followed in a few seconds by a second one. A search of the neighborhood failed to reveal the starting point of the bullets or the whereabouts of the shooter. Banta says he does not know of any enemies he has. It was thought the bullets had been fired at random from a distance.

Banta told the police he believed he is being pursued by an unknown enemy. Several weeks ago he received an anonymous letter, threatening him with punishment if he did not cease his attentions to a young Paris girl. The young lady also received an unsigned letter warning her of what would happen to Banta.

Shortly after this, according to the story he told the police, Banta was attacked one night as he was entering his room, by a stranger armed with a knife. The man slashed his clothing with the knife, and made his escape without being recognized. The shooting Wednesday night was the climax. He exhibited to the police his straw hat, in which were two bullet holes. The police are investigating the affair.

The June term of the Bourbon Circuit Court will convene Monday for a two-weeks' session. The docket is a large one, comprising a large number of Commonwealth cases. Judge Robt. Lee Stout will preside.

One of the cases of more than ordinary interest to the citizens of Paris, which will probably be heard at this term, is the injunction suits filed against the Paris Water Company to prevent cutting off the supply of water from consumers who had refused to pay the increased rates announced by the company. Injunction suits were filed by the Paris Commercial Club for over five hundred water consumers, who are uniting in the fight against the Water Company's new schedule of rates.

In the U. S. Federal Court, in session at Lexington, Sam Weathers, of near Clintonville, was chosen foreman of the grand jury. Serving as jurors on the petit jury are the following from Bourbon county: Roy Turner, J. T. Martin, John Estes and John W. Young, Jr.

Among indictments returned were two against Artis Owens, of Bourbon county on charges of possessing property designated for manufacturing intoxicating liquor and also for manufacturing liquor. It is said that Owens was once before convicted on a similar charge, in the Federal Court at Lexington, but was released when his crop of tobacco was destroyed by fire.

This is true of the Gentry horses and dogs, also to say nothing of the wild animals in the interesting arena of the show.

The veterinary surgeon invites all stockmen to visit him at the circus grounds in Paris, June 22, when Gentry Brothers' Famous Shows come to town.

KENTUCKY CROP REPORT FOR JUNE, 1921

Kentucky's wheat crop now promises 7,607,000 bushels compared to a prospect May 1, 1921, for 7,851,000 bushels, according to the June crop report issued by the U. S. Bureau of Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna. The condition of the State's wheat crop dropped from 93 per cent. and the final yield turned out 5,610,000 bushels, while the 5-year average, 1915-19 inclusive, was 9,878,000 bushels which included the increased war acreage.

Oats are doing fairly well in most counties, on a good acreage. The condition is 84 per cent. of normal and the acreage about 346,500, indicating a production of about 7,859,000 bushels, compared to 8,225,000 bushels produced last year from 350,000 acres which showed a condition of 90 per cent. June 1, 1920.

Rye condition is 91 per cent. of normal. With about 38,000 acres in the State to be harvested for grain this indicates a production of about 484,000 bushels, compared to 480,000 bushels produced last year.

Barley acreage in Kentucky this year is about 10 per cent. more than in 1920, due chiefly to decreased barley tobacco acreage. Most of the barley in Kentucky is grown in the central Blue Grass counties. Condition of barley is 94 per cent. of normal, indicating a production of about 127,000 bushels, compared to 112,000 bushels last year.

Farmers in many counties report their meadows are late and very weedy, and much of the young clover was damaged by the late freezes. Condition of clover is 81 per cent. with the acreage about 3 per cent. more than in 1920, due chiefly to decreased tobacco acreage. Alfalfa condition is 8 per cent. The acreage is about 4 per cent. more than 1920. Pasture in most sections averages fair. Plowing, corn planting and tobacco setting still being done.

Apple prospects are very poor in most sections, the average being about 18 per cent. of a crop. Peaches and pears are about 8 per cent. of a crop. Truck crops are growing well now, but melons were severely checked by cold weather late in May. Blackberries promise a good crop in most parts of the State.

The first report on tobacco will be made early in July.

THE AMERICAN GOAT

If some one or some thing could lose the power that seems always available for some silly regulation of our personal liberties, in the interest of real benefit to the body politic, what a great people we would be! And in such a short while!

When we contemplate the "consumer," the great goat who is so constantly under the analytical microscope of the various interests on his trail, we are reminded of the bull in a Mexican bull fight.

Both the bull and our great American goat are so filled with bandilleros from every quarter that it is difficult at any time for them to decide which hurts the worst, and where to concentrate their defense.

Right now our friend, the "consumer," is as full of stickers as a porcupine. There's the eighteenth amendment, home brew, income tax, blue laws, the housing problem, profiteering landlords, gas, telephone, electricity, street car fare, strikes, etc.

He may do this; he may not do that; he registers here; he lines up there.

And he's bleeding from so many wounds that he overlooks the profit that is doing the most harm—"the society for the decoration of everything from soup to nuts for revenue only."

The clever gentlemen who control the distribution of our food have discovered that by having out their products by the pound and ounce, in pretty paper things, they can jolly 50 per cent more from Mr. Customer. That couldn't be done if they sold instead, plain, fresh, wholesome American food, by the peck and bushel and barrel.

It is time for Mr. Consumer, and Mrs. Consumer, to do some contemplating of the wastefulness of the package system, and try buying in bulk.

Restoring Luster of Pearls.

Although there is no method known that will positively guarantee the restoration of the luster of a pearl which has become dull through careless handling, the Ceylonese are said to have a novel way of trying to restore it. They simply feed dull pearls to chickens. After the pearls remain in the chickens' crops a few hours, the fowls are killed and the pearls removed. The light friction to which they have been subjected in the crops of the chickens is supposed to restore their luster, at least to some extent.

Time for Caution.

Our idea of the time to stop, look and listen, not to say count 100, is when we receive a letter from some one we never heard of, before extending us a personal invitation to join with him as a stockholder in an industry which offers the greatest opportunity in the United States today. —Ohio State Journal.

Popular Songs.

"It is a mistake I believe, to act too strongly, on the theory that to the public should be doled out only those things which certain authorities think they should have," said a prominent singer recently. "Let us consider the public's side. Let us give the public some of the things it really wants—even the simple song which the critic condemns for its excess of sentiment, if we can deliver it so that the public is touched and responds."

Statistics show that young women are leaving rural districts for the cities in larger numbers than the men.

PICKING up a horseshoe is unlucky where ordinary pneumatic tires are concerned. The same applies to nails, rocks, spikes, sharp metal and splinters of stone or glass.

But Lee Puncture-proof tires are different. They carry our cash refund guarantee against puncture.

The air in the tire carries the load.

Lee Puncture-proofs hold the air.

That's why Lee Puncture-proof pneumatics have grown in favor every day for the past ten years—for passenger, business and delivery cars—for trucks.

We stand ready to prove that Lee Puncture-proof tires will solve your tire-trouble problems.

SUFFERED ALL A WOMAN COULD

Mrs. Meyer Finally Found Relief and Health in Lydia E. Pinkham's Vegetable Compound

Orange, Cal.—"I always feel very grateful to you, as some twenty years ago three doctors said I had to have a serious operation. I had a tumor, and ulcers which would gather and break. I had displacement so badly that I could hardly sit down at times, and it seemed as if I suffered everything that a woman could suffer. Then some one advised me to take Lydia E. Pinkham's Vegetable Compound, and I took it until I was cured and saved from the operation. I have told women of your wonderful medicine times without number, and I am willing that you should use these facts and my name if you like. I also used your Compound during the change, and I can do all my own work but the heavy part, and can walk miles every day as I help my husband in the fields."

It is quite true that such troubles as Mrs. Meyer had may seem a stage where an operation is the only resource. On the other hand, a great many women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

JUST WONDERFUL
SAYS MISS O'HARE

Memphis Woman Testifies To Beneficial Results From Taking Tanlac

So many people throughout the United States and Canada have testified to having used Tanlac with such splendid results following influenza, grippe, operation, typhoid and pneumonia, and other troubles which which bring on a run-down condition, that it has become universally recognized as one of the most powerful constructive tonics of the present age.

Another striking statement in connection with this fact was made by Miss Mildred O'Hare, of 926 Delaware street, Memphis, Tenn.

"I am enjoying better health today," said Miss O'Hare, "than I have in ten years, and I am glad to make a statement that may cause others who are needing something to build them up to learn about Tanlac."

"Five years ago I was operated on for appendicitis and was never able until I got Tanlac to get my strength back. My health was bad for a long time, even before the operation, and I just seemed to be gradually going from bad to worse."

"I just think it is the most wonderful thing I ever heard of that three bottles of Tanlac should make me feel so fine after I had suffered so long. It has given me new life, strength and energy that makes living a pleasure. I used to have constant headaches, but now I never have one at all. Tanlac has been my friend and I will never go back on it. It is just grand." (adv)

ORGANIZATION WINS

Sam, the colored driver of an ox team, saw a little lizard crawling up a tree. He flourished his long whip and deftly snapped off the lizard's head. Further along the road with skillful precision he picked a horsefly off the fence with the same weapon. His skill as a marksman was next exhibited on a chipmunk that showed its head above the ground.

The white man said: "Sam, take a crack at that," pointing at a hornet's nest. Sam grinned and replied: "No suh, no suh, boss; them fellahs is awgawized."

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor. Read this statement:

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with very good results, for while I have never had any serious kidney trouble, I can tell by the help they gave me that they would be beneficial for kidney trouble. I had a dull aching across the small of my back and my kidneys acted irregularly. The use of Doan's Kidney Pills rid me of these complaints and I have faith enough in them that should I ever need a kidney remedy I would certainly use Doan's Kidney Pills."

Mrs. Mastin gave the above statement November 9, 1916, and on November 13, 1920, she added: "I still have the same good opinion of Doan's Kidney Pills as when I endorsed them before and I use them occasionally when I require a kidney tonic. They never fail to do me good and I am always telling my friends of the merits of Doan's."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Advice for Movie Hero.

The movie hero, carrying the unconscious heroine, was bravely struggling through a terrible storm. At the point of exhaustion he made the cabin, and bursting in laid the girl on a convenient bed. The storm was raging terribly and the cabin door stood wide open. A little chap, lost in his excitement, yelled: "Shut the door."

Mistakes We Often Make.

There is a proverb which reads—"The man who never made a mistake never made anything else." There is a great deal of truth in that saying. Sometimes we come across one of those perfect individuals who claims never to make mistakes, but more often we find that these very same persons not only make mistakes but very grave ones.

QUEER QUIP QUESTIONNAIRE

(Topics of the Day Films)

When Thomas A. Edison made out his series of questions as a test for employees he started something. The jokesmiths of the press are giving questions "air" at a rapid clip and the end is not in sight. A series of humorous questions shown on the screen in "Topics of the Day" Films registers a laughing success in theatres everywhere. This season of the year is examination time for school pupils. Perhaps they, as well as their elders, may like to answer the "Edison" questions found on random here and there in the public prints:

"Elephant's Ear."

The "elephant's ear" is a Hawaiian or Fijian plant, with very large, bright green leaves, used to give sub-tropical effect in bedding. The root-stock is planted in good, moist soil out of doors or started in a hotbed or a greenhouse and transplanted. In the fall it is stored where dampness and frost cannot reach it. In the Pacific islands the rootstock is used for food extensively, the poi of Hawaii being made from it. The plant is called taro.

Bird Sanctuaries in Canada.

Bird sanctuaries are being created in suitable places throughout Canada to protect the breeding grounds of water-fowl and other important bird localities. The protection of water-fowl in the great plains is most important. The water-fowl need the protection because of the increase in agriculture and the drainage of many of their former nesting areas.

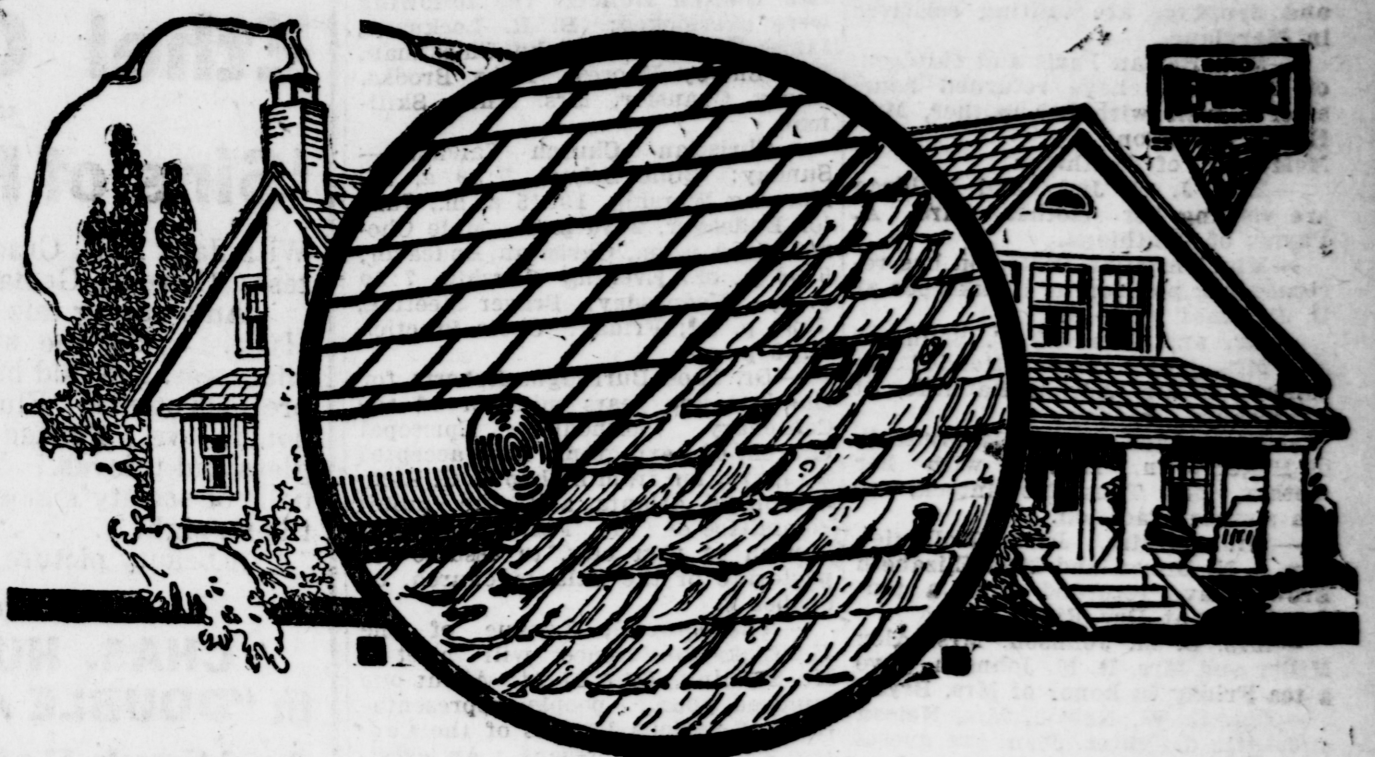

Insects That Defy Winter.

In the dead wood of old snags are many insects that live through the winter regardless of how cold it gets; creatures whose weak bodies seem to defy the frigid temperature. Pull off a bit of old bark from a snag, and note that there is life beneath it; little people that try to scurry for cover when their home is wrecked. They are not so agile as when the weather is warm, but they are not in a state of torpor.

Finny Tribe in Cold Weather.

All fish do not hibernate during the winter. Some species find homes in holes or beneath rocks and roots and get along very well without food during the cold weather, but they are not torpid like the bears and groundhogs that hibernate. Most of the fish swim about in the cold water and gather a living in winter just as they do in summer, but none of them requires so much food when the water is cold.

WANTS POSTMASTERS UNDER CIVIL SERVICE

A bill to place first, second and third class postmasters under the civil service and after competitive examinations to have them hold their offices "without term" was introduced in the Senate by Chairman Townsend, of the Senate postoffice committee. The bill would authorize the Postmaster General by direction of the President to reclassify the post-office positions and would repeal the law requiring confirmation of appointments.

this character at the church in eight years. The confirmation vows were administered by Bishop Brossart, of Covington, Bishop of this diocese, with a large number of visiting priests from other charges assisting Rev. Father Wm. The confirmation exercises were solemn and impressive. The church was filled to capacity with an interested audience.

Preceding and following the confirmation Rev. Father Thomas Coleman, former pastor of the Paris church, was given an enthusiastic welcome and impromptu reception by his former parishioners. He is still in fancy, their beloved pastor, though now removed to a new charge at Ludlow. Father Coleman experienced considerable difficulty in evading his enthusiastic welcome long enough to assist in the confirmation exercises, and after they were over, held a levee, which the congregation seemed determined he should.

COMMERCIAL CLUB NOTES

Rudolph Davis, chairman of the booster trip which will be held in the near future, has appointed chairmen for several committees to prepare details of the trip. Lawrence Price has been appointed chairman of a committee on speakers and entertainment; M. E. Gutman, chairman of the publicity and advertising committee, and Clyde Huffman, chairman of the attendance committee. Barnett Winters has consented to serve as treasurer. Mr. Davis called a meeting of the committee chairmen for last evening to further the arrangements. Efforts will be made to enroll a large number of persons for the trip on which all the larger communities of the county will be visited.

At a meeting of the Board of Directors of the Paris Commercial Club, held Wednesday night at the Deposit Bank, M. P. Collier and A. B. Hancock offered, on behalf of the Bourbon Lumber Co., to donate highway markers to be placed on the main roads leading out of Paris. These markers will be of much help in directing tourists to and from Paris, and will designate the number of miles to the neighboring towns. The lumber company will donate the material and the Commercial Club directors offered to stand the expense of the sign work. Four large "Welcome" and "Goodbye" signs to be placed on the outskirts of the city are being built, also, and will be erected in the near future.

COUNTY CLERKS LOSE FIGHT FOR
EXTRAS

The county clerks of Kentucky Tuesday lost their fight for an additional 5 per cent. commission for issuing automobile licenses other than is allowed by the act of 1920, when the Court of Appeals ruled against them.

It was the Clerks' contention that under sections 4195 and 4242 of the Kentucky Statutes, the clerk was allowed a 5 per cent. commission for collecting licenses generally.

County Clerk S. Higgins Lewis, Fayette county, in making his report to the State Auditor of money collected due the State, retained the 5 per cent. that had been collected by him. He and J. B. Nash, Frankfort, filed suit against the State Tax Commission to compel that body to grant an allowance of 5 per cent. These steps were taken at the instance of the County Clerks' Association of the State to test the law.

CHICKEN STEALING CHARGED

Clyde Morris, a young white man of the North Middletown precinct, was given an examining trial before County Judge George Batterton on a warrant charging him with stealing chickens from Kenney Houston, of the same vicinity. He entered a plea of guilty and following the hearing of evidence was held in the sum of \$200 to appear before the grand jury at the June term of Bourbon Circuit Court, which convenes Monday.

NEWPORT GIRL WINS HIGHWAY ESSAY CONTEST

An essay on "Highways and Highway Transportation," written by Miss Lillian Duncan, Newport, was declared to be the best on the subject written by several hundred Kentucky children, and was forwarded to Washington, D. C., for entry in the National Highways and Transportation Committee, a highway transportation organization. The essays were judged by two inspectors from the State Department of Education and Secretary of State Fred A. Vaughn.

Costa Rican women have been granted the right to vote and the privilege of holding State, municipal and Congressional offices.
